**FROM:** Commanding Officer, Personnel and Training Bureau, INCIDENT MANAGEMENT & TRAINING BUREAU

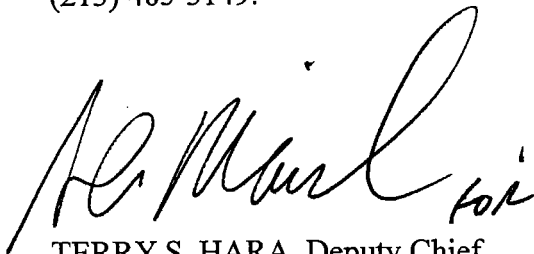

**SUBJECT:** LAW ENFORCEMENT OFFICERS FLYING ARMED ON COMMERCIAL AIRLINES – TRAINING VIDEO

The Transportation Security Administration (TSA), United States Department of Homeland Security requires law enforcement officers to complete mandated training prior to flying armed on a commercial airline. In September 2002, the Department distributed the Peace Officer Standards and Training (POST) certified training video "Extradition Procedures" (copyright 2002) to each Area/Division Training Coordinator. An updated version (copyright 2008) of the training video is now available through POST.

Department personnel can access the updated training video from the POST website at <http://www.post.ca.gov>. Once in the POST website, click on the POST Training Videos link and enter the POST Learning Portal. In order to log into the POST Learning Portal, an account will need to be established using your POST issued identification number. Upon accessing the POST Learning Portal, select the video titled, Extradition Procedures.

In order to ensure Department personnel are in compliance with the mandated TSA training requirements, Area/Division Training Coordinators shall forward the POST Training Roster for verification of course completion to the POST Liaison Unit, Police Training and Education for entry into the Learning Management System.

Should you or a member of your staff have any questions concerning this matter, please contact Senior Personnel Analyst Bruce Bernal, POST Liaison Unit, Police Training and Education, at (213) 485-3149.
